Welcome to this exposing document, it shows various evidence of disgusting stuff Nyvalk did, said and made others do.

Warning: Please do not harass anyone mentioned in the document in any way.

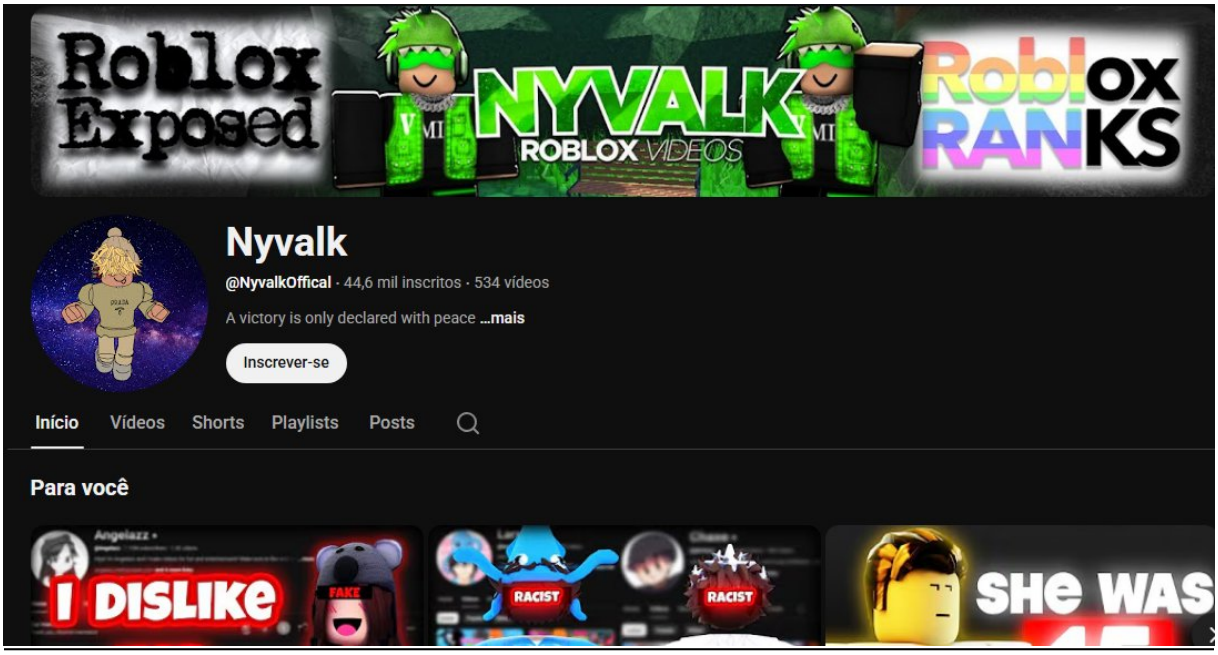
What will be talked about:

- Who is Nyvalk
- The terrible stuff Nyvalk has done (Hitler praising, Autism faking (i am autistic myself and I find this very disgusting), Clickbaiting, Harassing, Homophobia, Truth Faking, Manipulation...)
- Nyvalk’s fanbase biasing, harassing and attacking people falsely accused on his videos.
- The Poly AI vs Nyvalk situation and its stupidity and wrong stuff.
- The side of the affected people (silly cat guy, AuRedDud…), and who are them
- Faked screenshots and scenes of stuff that Nyvalk has done, like faked emails and fake swatting…
- My side on all of this
- Nyvalk’s hypocrisy and refusion to defend himself
- All of Nyvalk’s false claims and corrections or justification to those

It’s gonna be something long, so if you will read, grab a snack, as it will be a long trip by all of Nyvalk’s doings.

1. Who/What is Nyvalk in the first place?

Nyvalk/@NyvalkOffical https://www.youtube.com/@NyvalkOffical is a(n) YouTube user/channel with 44.6K subs (as of the making of this document), with 534 videos, that joined in July 29th of 2020.
His content is focused on Roblox Rants, Expose Videos and Ranking Videos, but his popularity is mostly by the Exposing videos, where he exposes Roblox YouTubers who do bad actions, showing all the stuff done by these people to the public, allowing investigations to be done, and justice to be served. The channel's motto is "A victory is only declared with peace."



A photo of the channel's front page as of the making of this document.

The user's channel started gaining popularity after he started making videos about "PolyBuzz" formerly known as "Poly.AI – Create AI Chatbot", owned by the company Cloud Whale Interactive Technology LLC, from Delaware, starting by the video "THE HIDDEN TRUTH BEHIND POLY AI.." where Nyvalk exposed Poly.AI mostly for exposing explicit and sexual content in various ads in apps where children are ultimately present, stealing others people content and changing them to

make them look like they're realistically promoting and sponsoring the application, and for having minors as chatbots in the app.

2. Nyvalk manipulated stories, faked swatting, made clickbait thumbnails and forged emails.

In the first Poly.AI video, Nyvalk said: ***these ads are being promoted to kids, I seriously don't know why Poly AI promotes their website this way, it just represents their company as a place for people to yank their living shit out of themselves.*** After the first Poly AI video rose to popularity, gaining traction and around 152K views, Nyvalk made various more videos, around 10 of them, about the same app and company, some of them including ***"THE END OF POLY AI..." "POLY AI IS TRYING TO SILENCE ME..(I NEED YOUR HELP)"***

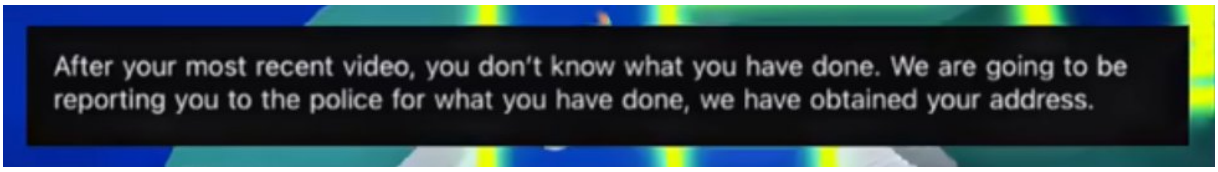
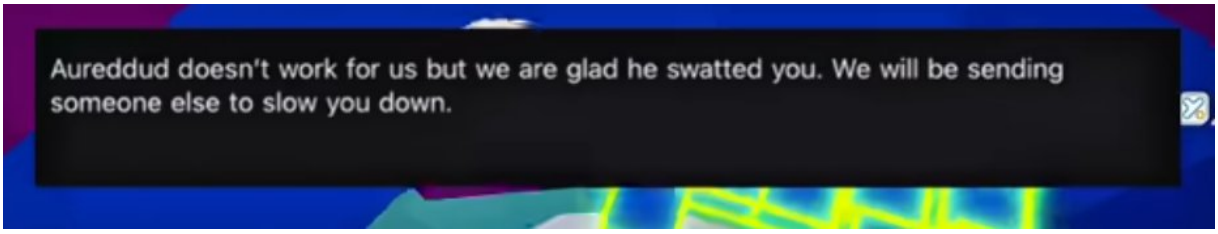
As you can see, in one of the video thumbnails, Nyvalk claims that the company behind Poly AI tried to kill him by sending information to two people that allegedly according to Nyvalk, "*work for Poly AI, harass Nyvalk, and have doxxed him.*", and allegedly according to Nyvalk, Poly AI sent Nyvalk's information to those people so they can work together and *SWAT Nyvalk* the victims will be talked about in the next topics, together with their side. Attempting to show proof, Nyvalk shows emails

from Poly AI where they claim they sent his personal data to those users for him to be swatted, but, we're gonna focus on those emails: ***All of those emails are extremely cropped to a point you can not see the sender or anyone else, except the text in it, and merging these crops, the phrase makes no sense, and this disproves them.***

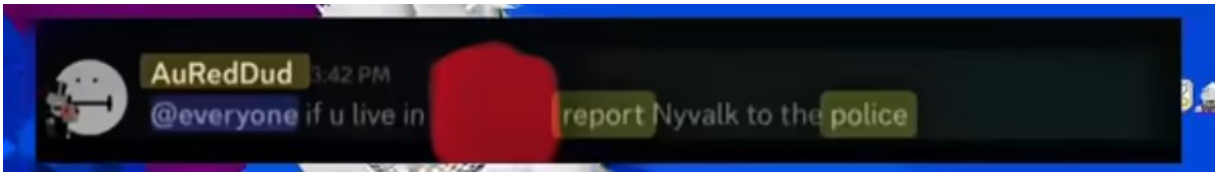


After your most recent video, you don't know what you have done. We are going to be reporting you to the police for what you have done, we have obtained your address.

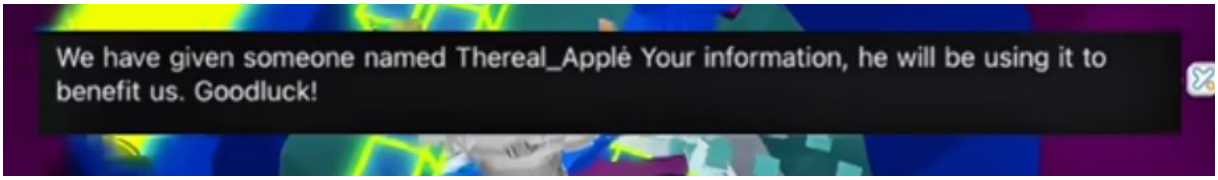
According to Nyvalk, this email was sent after he posted about becoming 14 years old.



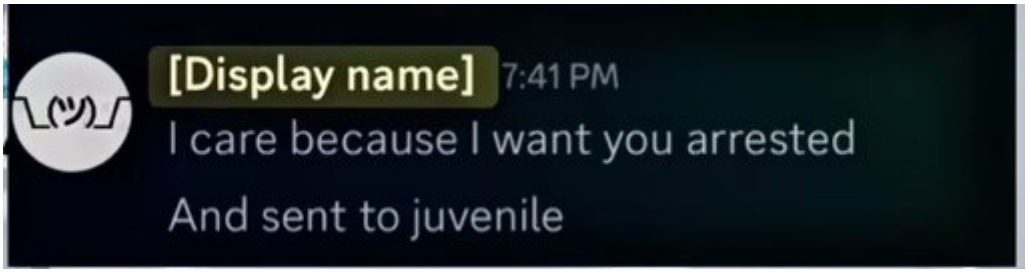
Allegedly according to Nyvalk, **Aureddud** had swatted him once, Theapple10 and silly cat guy worked together with Aureddud. His side will be heard soon.



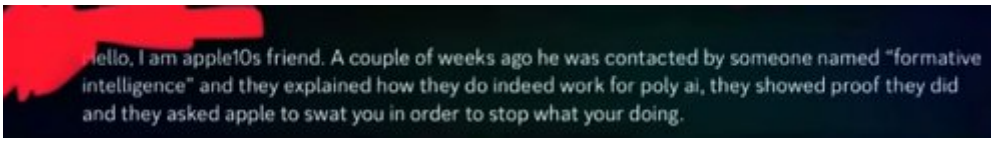
Also according to Nyvalk, this is a message where AuRedDud tells people to report Nyvalk to the police, while showing his town/state? Not much detail was said about the message.



Allegedly according to Nyvalk and this "email", Poly AI would've sent Nyvalk's information to "Thereal_Apple" also known as TheApple10, and he was the one responsible for the swatting. Apple's side will also be heard soon. He claims Apple10 has been making defamatory content about Nyvalk and "fabricated" evidence against him.



According to Nyvalk, the same person has been rooting for Nyvalk to be arrested and attempting to get him arrested in Discord, and in another message, he apparently claims he swatted Nyvalk.



ello, I am apple10s friend. A couple of weeks ago he was contacted by someone named "formative
intelligence" and they explained how they do indeed work for poly ai, they showed proof they did
and they asked apple to swat you in order to stop what your doing.

According to Nyvalk, a close friend of apple10, who decided to stay anonymous, according to Nyvalk, told that apple10 was contacted by someone named “formative intelligence”, explained how they do work for Poly AI, and showed proof they asked Apple to swat him to stop what he’s doing.

Allegedly according to Nyvalk, the swatting occured on October 25th of 2025, and he was held at gunpoint mid-search, now, the evidence used by Nyvalk to attempt and prove he actually got swatted, was a video of his kitchen’s cabinets with various stuff in them, and his bedroom being “destroyed” and his house being messy after the raid **which cannot prove anything** and can simply be forged.

https://youtube.com/clip/Ugkxyfo8Mh-eI_qRCJyGayQL7dCcvPqSRqDR?si=5oy4TS6v2HvWOwOE

https://youtube.com/clip/Ugkx-LDZm9c7c8HoWRjdCYnI4NqkvsyLcig3?si=H-prCfuW29aO9KQC

The cut-out emails are no proof for anything, as you can’t see their sender or anything else, and the emails can be forged or not even be emails rather than stuff typed on Notes apps and etc, some people have been questioning Nyvalk why the emails are cut to oblivion, he either ignores, or makes an excuse, as this one:

In this image, Nyvalk claims he didn't show the sender because it's a private email, but that would be a business email, what do you mean then about private email?

And also, in the common sense and logical talk, **a multi-millionaire company would not risk their social status or reputation to take down a random 13 year old at all,** also, you notice how the various videos only started after his first video skyrocketed? **That's a red flag. He is probably continuing this series for reputation, attention, and fame.** And something else, if the swatting incident was real, there would be reports of the happening, but for October 25th, there were **NO** reports or news on any happening of a swatting on that day, which is the day Nyvalk claims he was swatted and **held at gunpoint.** The part where Poly AI is attempting to take down Nyvalk's videos is true, and that is something bad, but Nyvalk has been defaming Poly AI in those videos at the same time. **(I am not siding with any of the both people.)** But, in reality, it's been proven fake, as screenshots circulated of DMs between him and someone fabricating the email.

I was just being kind

And Poly AI was not a single victim of this, Nyvalk has also made clickbait videos about steak, as he left Parlo and Poly AI, and now he is milking steak to get fame for exposing.

This is one of the thumbnails about “Steak drama” made by Nyvalk, by the thumbnail, it looks like Steak is a child predator and groomed a 15 year old, but actually, it is completely unrelated.

In the video’s start, Nyvalk puts up a text saying “guys I’m just the messenger don’t hate on me but this stuff is really concerning..” with no singular sense at all.

Apparently steak did do some bad stuff, like sexualizing the Squid Game doll in thumbnails, but the part where Nyvalk claims “she was 15” was not about predatory or sexual stuff, it was because steak called her a “demon” for false striking EVERYBODY’S videos, in the video, she claims she was immature back then and now she matured and understood her stuff, meaning it is clickbaity, but one of the topics was serious, and another topic said here is about the Payleey drama, and Nyvalk explains it is a forged drama, meaning he simply clickbaited about steak in a way people would think he is a predator, but he instead just called the 15 year old a demon. And there is a second video with a similar way of clickbaiting also on steak, made by Nyvalk.

The thumbnail claims steak is a predator, but that is not the actual case.

In the video, Nyvalk claims steak is a predator, but what he actually did, was show a Pornhub shirt in a livestream. After receiving the criticism, steak would've made an apology, claiming his streams were never meant for children, and he attempted to avoid them. But in fact, Steak is not a child predator for this, he might've promoted the website to his watchers, but he never meant his content to be kid friendly since the start of his career. In fact, it would only count as predatory content if the channel was meant for kids and the purpose was actually that to promote, or if in fact he showed the inside content of Pornhub to a singular person or to all children on purpose.

Also mentioning, I myself said to Nyvalk in this video: "mf is clickbaiting, also hed only be a predator if he really meant it for the children or if he showed the content in the site for one singular child or all the children on purpose", and Nyvalk responded, but his response was not even refusing anything, justifying anything, instead, he replied in a jokingly way, which more of leaves Nyvalk in the wrong, and makes my comment be saying the actual correct thing about the video.

mf is clickbaiting, also he'd only be a predator if he actually meant it for the kids (he mentioned his streaming career was never for kids), or if he instead directly showed its content to mostly a singular person or maybe all the kids

As seen here, Nyvalkk says “cry abt it”, meaning my comment is saying the truth, and Nyvalk is the one simply making my comment seem more of the correct one.

Nyvalk also framed people, set people up and staged stuff to make false expose videos, in this case, this incident occurs on the “cxkios” grooming allegations, where Nyvalk actually set cxkios up and had Nyvalk’s friend go on Nyvalk’s account.

And Nyvalk non-surprisingly would also frame sillycatguy and leak his own state in a debate server audio that was made public. (note: revealing someone’s state does not count as doxxing in itself.)

https://youtu.be/U7FB7xV2oBE?si=L2LEeiL_EBQx_cVf

And an evidence that might prove that these videos are mostly clickbaits or lies to get engagement and money, sent by Nyvalk himself, where he says he’s only making these videos for the money:

Now, we'll go on even more serious topics involving Nyvalk.

3. Nyvalk's Ableism

I myself am autistic and have Asperger's syndrome, and it's honestly disgusting to fake mental disorders, so I am implementing this too, as this is **incredibly serious.**

In an old video that was made by Nyvalk, he claims to have ADHD (Attention Deficit Hyperactivity Disorder) but right after just claims he doesn't know if he really has it, meaning it is just for the sake of not getting criticized for what he does.

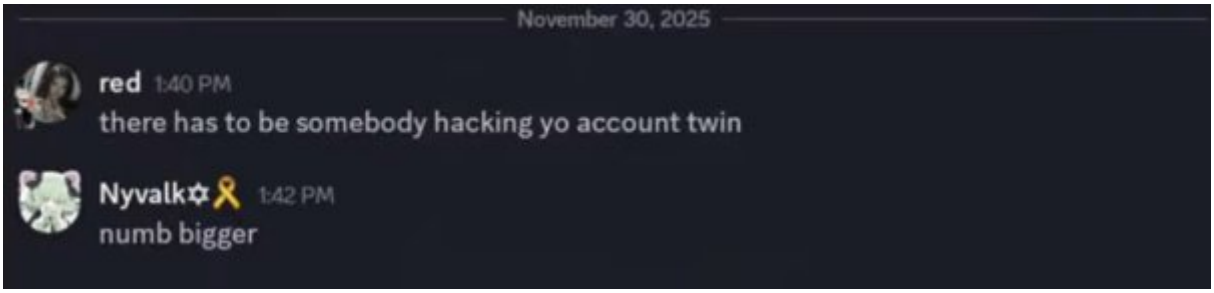
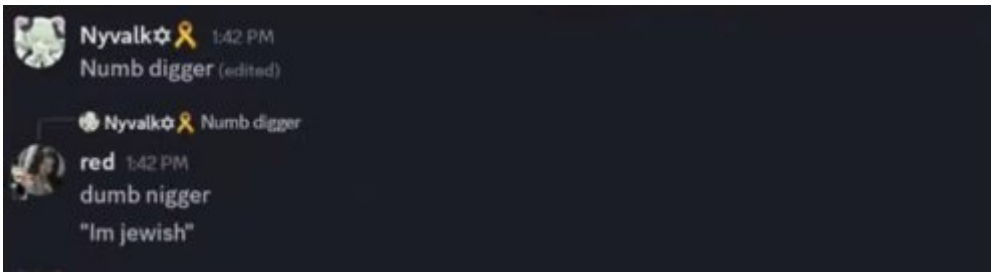
4. Nyvalk says racial slurs to his ex-friend, and calls others retards

In Discord conversations between Nyvalk and his ex-friend, Nyvalk has been calling his ex-friend “Red” a dumb nigger multiple times in his DMs, these photos come from his ex-friend.

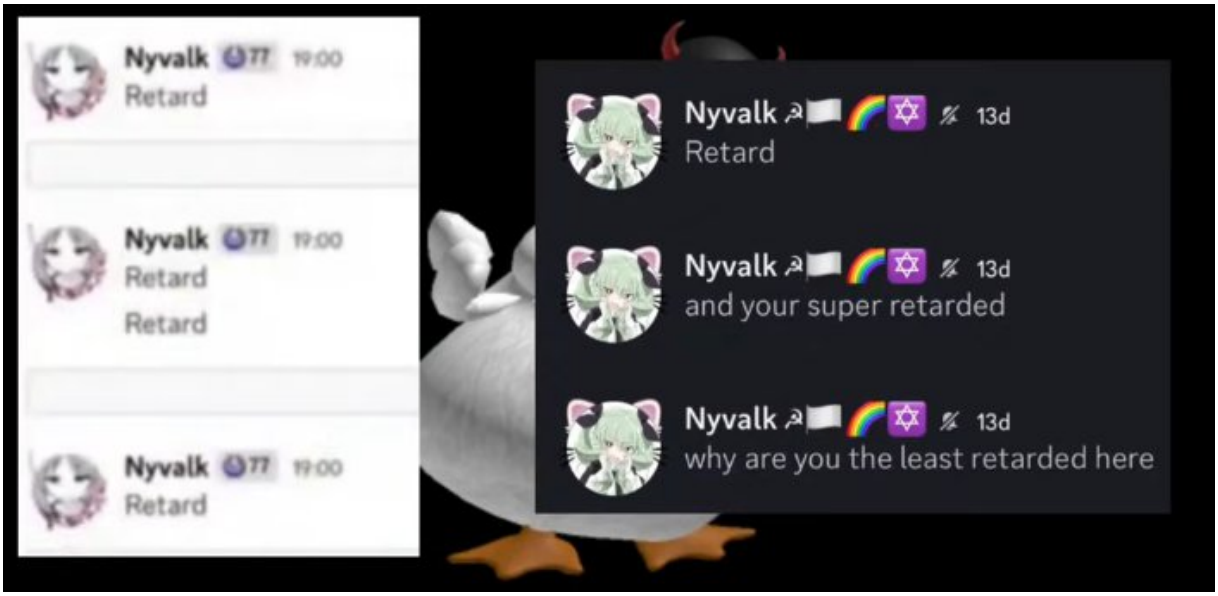


Nyvalk calling red a numb bigger, which is a way to bypass “dumb nigger”



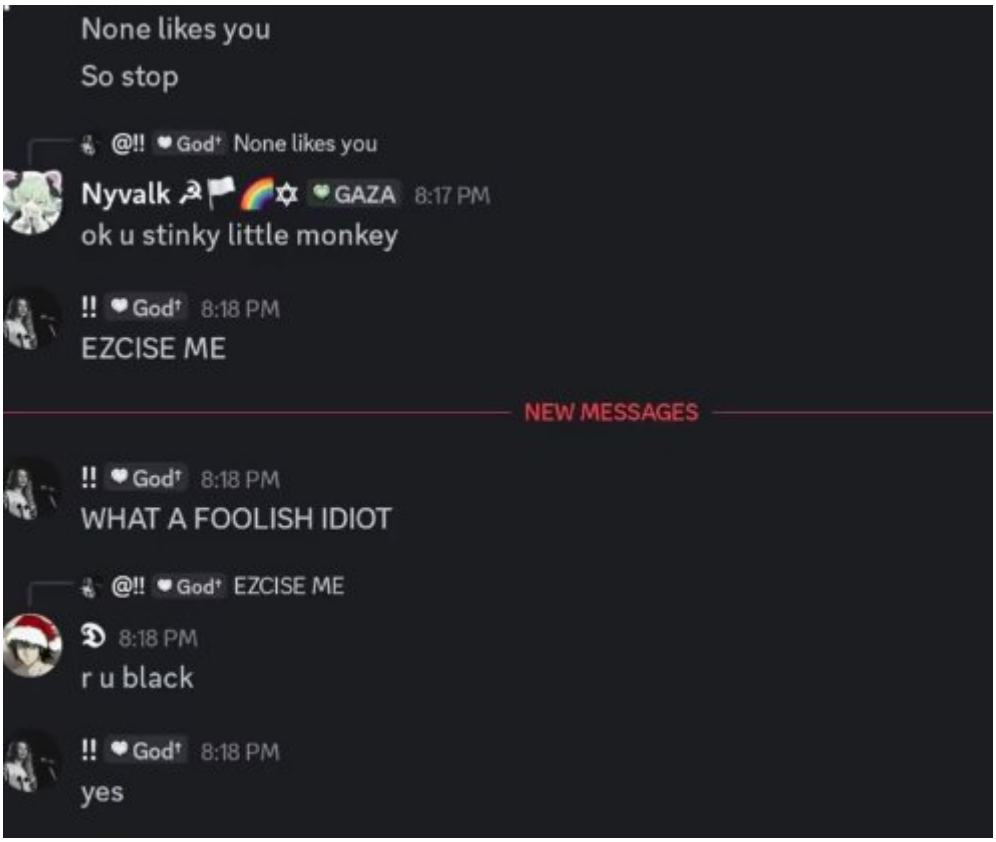
Nyvalk calling red a numb digger, swap the first letter of both words and you'll understand. Red soon mentions "dumb nigger" not calling Nyvalk one, but instead mentioning what is Nyvalk saying.

And also, Nyvalk used to claim he was autistic, and used his alleged "autism" as an excuse to call people as various slurs and offend them.



In this screenshot, Nyvalk is seen calling people retards, super retardeds and etc. About the questionable username in the next photos, that will be talked about in the next section.

And there are even screenshots of Nyvalk calling a black person a "stinky little monkey", and he clearly knew the person talked to was black.

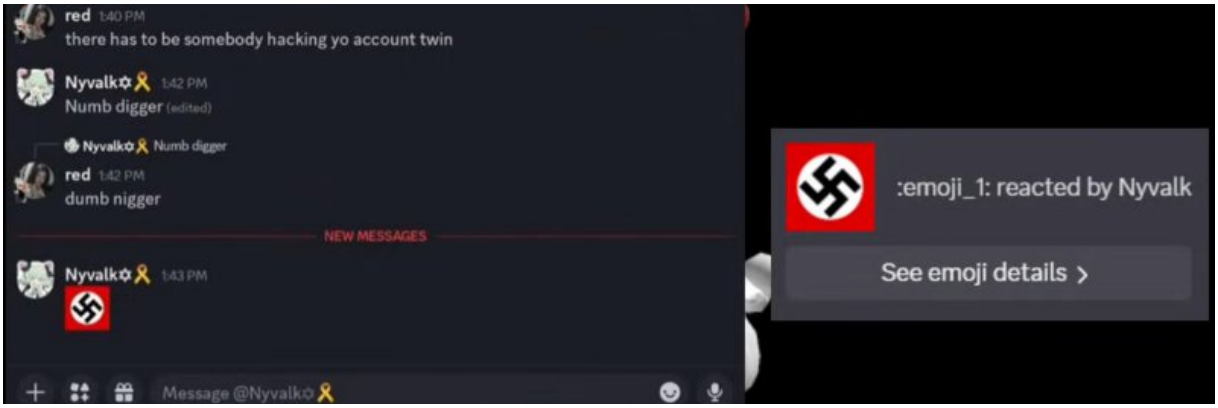


5. Nyvalk praising Adolf Hitler and nazism because red said he is jewish.

The title pretty much explains the section, after red says “im jewish”, saying Nyvalk claims he’s jewish in one of the direct messages, Nyvalk started to spam the nazist symbol to red, and said he would commit suicide in honor of Adolf Hitler, leader of the Third Reich and Nazism.

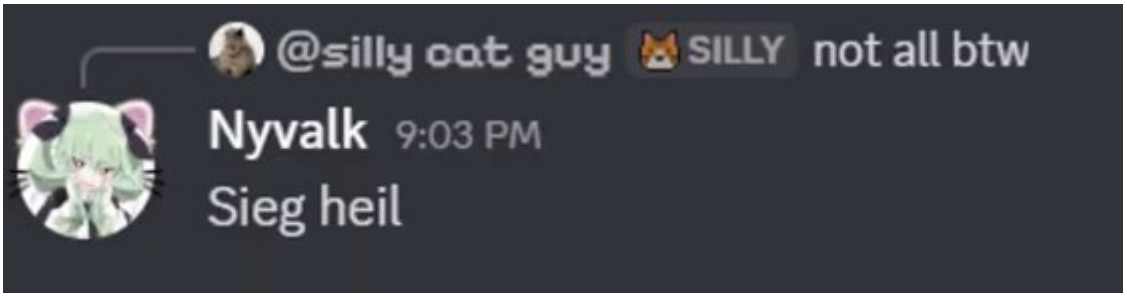
"Im jewish"
Nyvalk 1:43 PM
I'm killing myself in honor of hitler
Nyvalk I'm killing myself in honor of hitler
red 2:04 PM
dude what the fuck
youve lost your sanity bro

Here, Nyvalk claims he will commit suicide/kill himself in honor of Adolf Hitler, leader of the Third Reich and Nazism, which killed around 1M+ people. They sent those messages after he sent a nazist emoji..



Here, Nyvalk is seen sending a nazist symbol to red, and also him starting the “dumb nigger” spamming. Here, he edited Numb Bigger to Numb digger, because he meant to say that, not bigger. Red corrects Nyvalk, understanding what Nyvalk meant to say and how he meant to offend Red.

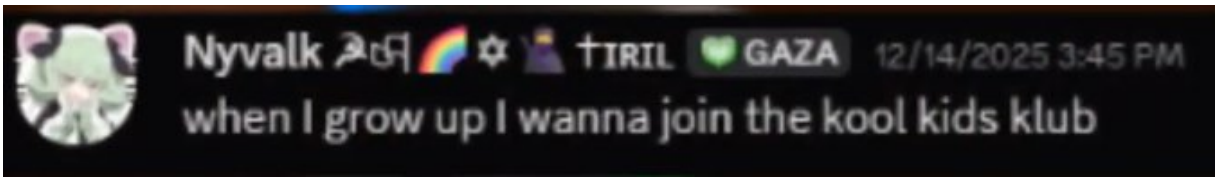
In this screenshot, Nyvalk is seen praising Hitler saying Heil Hitler



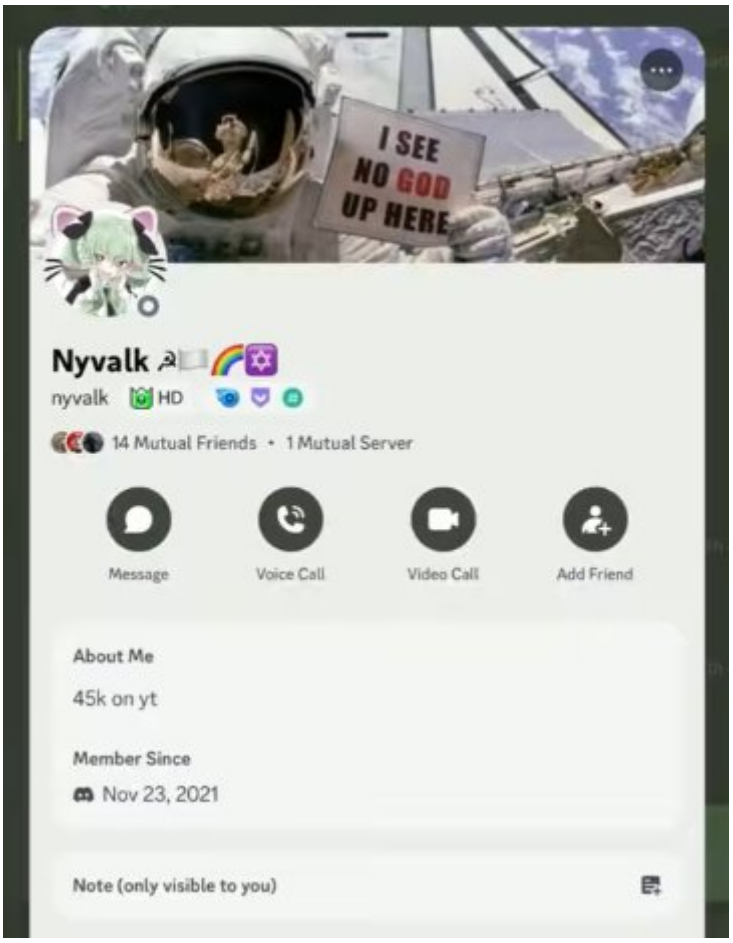
Nyvalk says “Sieg heil”, a nazist salute.

Self-explanatory. (Fuhrer means Hitler)

Nyvalk also said this in Discord messages: “When I grow up I wanna join the kool kids klub”, Kool Kids Klub is obviously a direct reference to the K.K.K, a.k.a Ku Klux Klan, a clan originated from the United States of America, which attacks, harasses and kills black people.

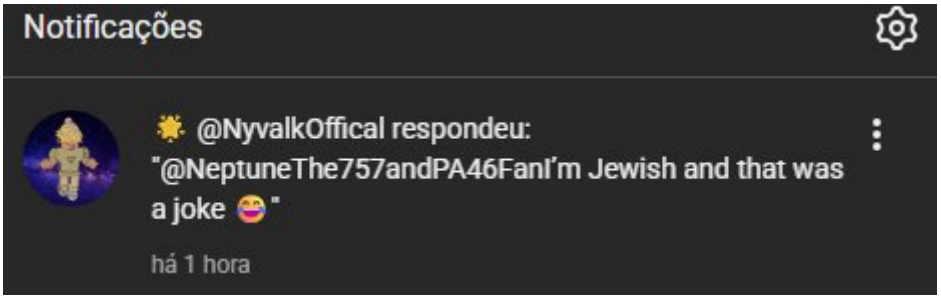


And Nyvalk has also used an questionable username that calls Jews gay people, as you can see, by his combination of the Jewish symbol, a white flag, a rainbow and a communist symbol, translating these emojis, it basically says “Jews are gays and communists”, (but it can also mean that he is gay and jewish, and no I’m not homophobic, I have LGBTQ friends.) and the profile’s banner shows “There is no God up here”, in which an astronaut took this photo in space saying that there is no God up there, claiming God is fake.



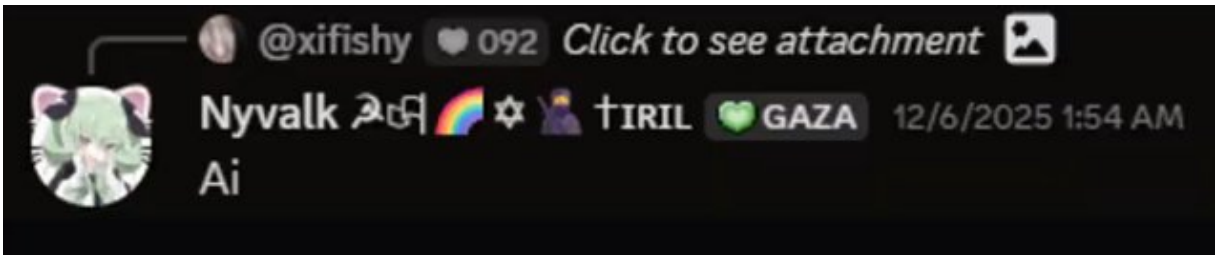
In this photo, you see Nyvalk's profile. It calls out Jews as gay people (it can also mean that he is gay and jewish at the same time.), and has a "No god up here" banner, emphasizing that God is *fake.*

In defense, Nyvalk said that "it was a joke", but the joke was WAY too serious and innapropriate, and it is literally almost impossible to differ it from reality or a joke.



But, he always does that just in sake of attempting to escape from the drama and not get blamed, as people really also love dark humor, and they take dark humor jokes like 9/11 jokes nonseriously, he either claims it is a joke, or he claims it is AI as an escape maneuver.

red same guy whos racist misogynist ableist and a nazi sympathetic im crine
Nyvalk GAZA 4:11 PM
I'm not a Nazi sympathizer
I make edgy jokes
I'm Jewish
etc
the Nazis were objectively evil



He would've also made other innapropriate and immature jokes which will be in section 7.

6. Nyvalk lying about silly cat guy and his friend of being homophobic.

Nyvalk also had started attacking silly cat guy's friend (lowpass) and silly cat guy, claiming that they're homophobes.

In this image, Nyvalk claims he is racist for him saying "I hate these faggots". This has been disproved as lowpass is pansexual and can reclaim saying this slur.

And then Nyvalk started claiming that Silly cat guy himself is a homophobe, for simply not liking Yuri's content.

silly cat guy rich 12:28 AM

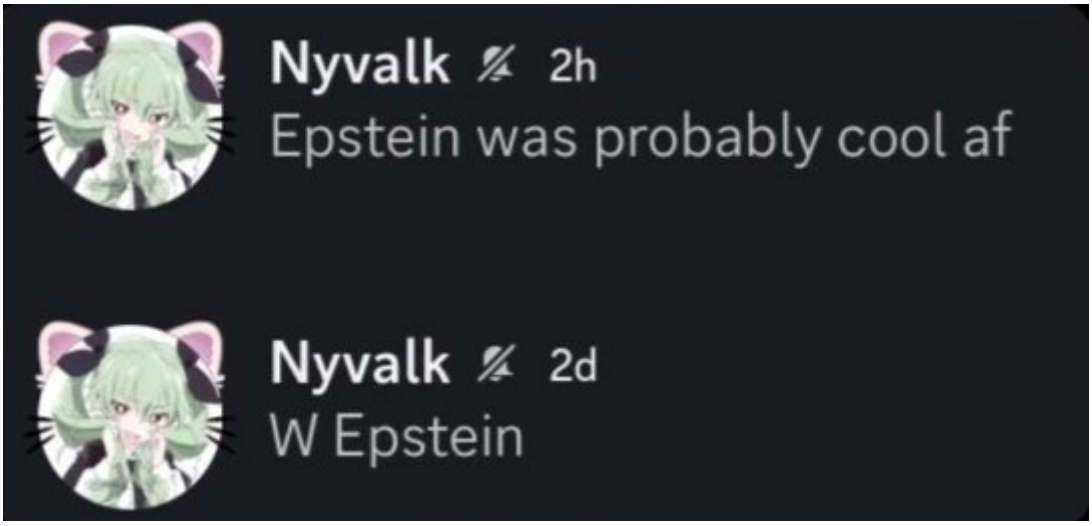
7. Nyvalk making Jeffrey Epstein jokes/dark humor jokes

Nyvalk has a history of making Epstein jokes both on his channel and on Discord, talking about Epstein being a cool guy, liking Epstein, and making photos of him and his friend, based on one of Jeffrey Epstein's photos.

This is a photo of Epstein and Trump together, in Nyvalk's community posts, this was used as the base photo for Nyvalk's photo of him and his friend.

This is Nyvalk's photo of him and his friend, based on the Epstein and Trump photo from the first slide of the post.



Here is a photo of Nyvalk saying Epstein was probably cool af, and praising him (this is a joke from nyvalk, but it is way too far.)

This next topic will be something also way too far from Nyvalk:

8. Nyvalk and his associates making RAPE jokes/wishes on people

Yes, you heard that right. There is not much explanation to this part, but in an announcements channel on a Discord server, Nyvalk was seen making a rape joke based on the “PACKGOD HUMBLE HIM” meme, where Nyvalk said “Packgod, rape him” in the server. It is not known to who the message was directed to.

Here, also not much context, he says he raped a girl for touching his arm.

A photo of Nyvalk threatening to groom a person, and his moderators hoping that person gets raped and telling them to commit suicide, and one of them sending a GIF of a dance performance from popular South Korean K-pop band “Acid Angel From Asia”, where the person in the middle seems to be doing the “banging” gesture (that is just because it is just a visual representation, it is not really about banging, rather just a normal dance performance takken out of context. They’re sexually harassing and attacking a person.

9. Nyvalk’s associations, and doxx threats

Nyvalk has terrible associations with groups that actively swat and doxx innocent people, groups like [UETR] ENCLAVE. Nyvalk’s server was once raided, so he mentioned on the ENCLAVE server he’d doxx the 2 responsible people for the raid. He also faked that the people were sending Lolicon.

10. Nyvalk showing tissue with blood to a person, claiming he cut himself, but actually did that just to tease and traumatize the person (showing gore) just as guilt tripping????

You heard that right. Apparently, Nyvalk would've sent the photo of a tissue covered in blood to red. Nyvalk claimed he cut himself and that was his own blood. **(That counts as gore if you ask)** In later messages between Nyvalk and Red, they would've talk about it again, and Nyvalk reveals it was just his tooth that fell out, and claimed it was a guilt trip so the people on the server would feel bad for it.

He claimed that just because it was Discord, it isn’t serious to go guilt tripping at all, but this statement is obviously completely false.

Now, let’s go deeper into all of this.

11. Nyvalk’s terrible fanbase

Obviously, the 45K+ subscriber channel has an immense fanbase, but what if I tell you, Nyvalk’s fanbase are also terrible people, who do terrible stuff, say terrible stuff, harasses and defames various people, and makes hate videos on them? That’s right.

A huge part of Nyvalk’s fanbase have been defaming and attempting to make Nyvalk’s victims step down on the drama and just take all Nyvalk says, all the harassment and all the lies, and the main target to all this is AuRedDud, which will talk about his side later. AuRedDud has been receiving various hate coming from Nyvalk’s fanbase, as Nyvalk allegedly faked AuRedDud swatting and doxxing him.

One of the main persons attacking AuRedDud, Brock Blox the king of Roblox (corny ass username btw) has also been attacking silly cat guy, to a point where “Brock Blox” has made a torture video on Silly Cat Guy, where him and his friend jump on Silly Cat Guy and squash him to death.

https://www.youtube.com/shorts/zwdU8vB_EmI

He has also been making posts telling AuRedDud to just take it from Nyvalk, as seen here:

@AuRedDud pls delete your videos about nyvalk, this drama doesn't need to escalate, maybe just cooperate and this wouldn't even risk you further? Like nyvalk is innocent bro, I'm not saying I support what he did, but, there's nothing wrong about him, he's like, the nicest guy I've seen in the world, I don't know why some people started hating on him though, that's why I'm gonna have to dig deeper about this, oh, and btw, change yourself, join our team, and in return, were gonna give you just what you need, and that is salvation, peace, and joy.

He has also been attacking silliest cat guy in some dumb thing he calls “Best joke of the day:” where he makes offensive jokes of various YouTubers offending them, and he also has called sillycatguy “lazy” for not posting anymore due to his mental health. All posts are seen here:

Best jokes of the day: @MochiiPlaysCOS how did your mother gave birth to you? The answer is simple, she released you in the toilet where you are identified as a $hit.

Best jokes of the day:@MochiiPlaysCOS the age of you being 13 years old is based only on your fantasy, but it's quite complicated in reality, your nothing more than a big bad man.

Best joke of the day:@silliestcatguy you are responsible for the death of human lives in 2012, in simple words, your the main reason why no 1 survives when the world ended back in 2012.

@silliestcatguy work doesn't make you crazy, the only problem is that your lazy, stop blaming your indolence onto your mental health, being a YouTuber is very easy.

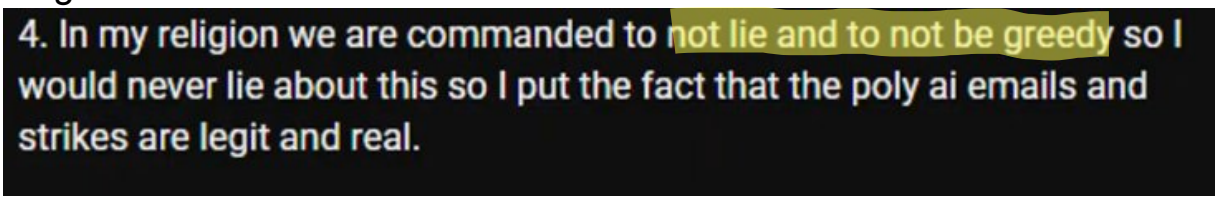
As you can see, he is harassing and attacking people MULTIPLE times, especially silliestcatguy and MochiPlaysCOS. And the same user is praising Nyvalk nonstop, claiming he is innocent, and the nicest guy in the world.

Most of Nyvalk's fanbase are brainwashed kids who do not accept to see their favorite YouTuber being exposed. Another part of the fanbase is Itz_Voidy, which is also involved in the doxxing and swatting group as Nyvalk, as it was shown by the previous screenshots on section 9.

12. Attempting to say he doesn't do the terrible stuff by just talking about his religion

As you can see, Nyvalk has a huge story of doing terrible stuff and lying, but, Nyvalk claims he is jewish, and made a post talking about his

religion:



4. In my religion we are commanded to not lie and to not be greedy so I would never lie about this so I put the fact that the poly ai emails and strikes are legit and real.

This will not help him prove anything or contradict any of the saids, as he clearly broke the rules, he obviously lied, and he is greedy, as he claimed, he only makes the content for the money. You clearly know, section 2 simply contradicts these claims made by Nyvalk, as there we talk about him lying and about him saying he makes the content purely for the money, also, we literally just showed evidence on how those Poly AI emails were fabricated by one of his associates.

12. AuRedDud's side on all of it

AuRedDud, according to Nyvalk, would have once swatted and doxxed Nyvalk, this was false, and caused a lot of backlash to AuRedDud, one of the main affected and lied about by Nyvalk in the drama. He right after would have made various response videos to Nyvalk, responding to all stuff said to him, showing VARIOUS degenerate and terrible acts practiced by Nyvalk, showing how Nyvalk is slandering him, various evidence about it and etc, and he has also talked about itz_voidy on some of his videos.

13. SilliestCatGuy's side on all of it

SilliestCatGuy, one of the main affected by the drama, made an video about the drama, showing Nyvalk's degenerate and bad acts, what

Nyvalk has been making lies of, Nyvalk praising nazism and Adolf Hitler, and calling him and his friend homophobic, and various other stuff.

https://www.youtube.com/watch?v=NarKxHs1xLo&t=260s

14. My side on all this drama

To me, this drama is chaotic and seemingly hard to win, as the manipulated and brainwashed fanbase from both Nyvalk and itz_voidy will do their best to forge stuff about us, make lies, make torture videos, fake debunks and exposes, harass us, but each more they do of this, each more can be added to the exposing document, showing how degenerate is their fanbase, and how brainwashed they are. The more they attack, the more they feed, and the more they feed, the more the document expands and can turn into each time a even more deadlier weapon for Nyvalk. I am against Nyvalk, I think all Nyvalk has done is terrible, disgusting, he is definitely guilty, he lied about stuff, he joked about nazism and epstein, he is an ableist, he claims he has mental disorders when in reality he does not have anything in fact. He lies about a company just to bring that company down for something they did not do in fact, he fabricated almost all evidence of all he does, and yet, he mostly just attempts to use an escape maneuver, lying, or claiming he is joking. Those are not jokes, he wished for someone to get groomed, his associates hoped a person would get raped and sexually abused, he doxxed and swatted people himself, in my opinion, this is unforgivable in any way.
